

In Addition to the Letter Formation Activity You Can Help Your Child Develop Word Awareness

Word awareness is the ability to distinguish the individual word in a spoken sentence. You can help your child do this by playing the following games.

Count Words

You say a sentence and your child repeats as you put up a finger for each word, then your child counts your fingers.

Example: **“Mom likes cats.”** (Three fingers). Increase the number of words as your child becomes good at this. **“Mom likes dogs and cats.”** (Five fingers).

Fill in Words

You can also do the following activity to count words. Say a sentence and draw a line for each word you say in the sentence. Ask what word goes on each line and fill it in as your child tells you.

Example: Say, **“The cat is soft.”** And draw four lines, with a period at the end:

_____ .

Note: This activity also helps them develop print awareness (the awareness that spoken words can be written).

The following sentences will get you started:

I can swim.

It is hot.

I like candy.

We have fun.

Mike likes trucks.

We had lunch.

The cat is grey.

I like the dog.

Jane is my friend.

I go to school.

My teacher is nice.

The grass is green.

Mom and Gram drink tea.

Tom has a red ball.

My favorite color is red.

I ride on the bus.

Fundations Letter Formation Guide

Say the verbal step-by-step guidelines while your child traces the **lower-case** letter with his or her finger. Try to do the week's letters every night. (Only do the lower-case letter.) Have your child color the picture.
